

# Become a ACPHARM PARTNER PHARMACY

## OFFER A COMPOUNDING SERVICE TO YOUR CUSTOMERS

Have you had patients bring you in prescriptions that you cannot fill because they are compounded?

Are those patients being directed to another Pharmacy where you can potentially lose all their business?

Do you want to be able to offer 'Compounding' as one of your services?

Well now you can!!! With ACPHARM Partner Pharmacy Program.

Similar to offering a dry cleaning or similar service for your customers, you can now offer to have your customers compounding prescriptions filled quickly & effortlessly. As one of Australia's most respected names in Compounding, Acpharm can now help you provide compounding to your customers.

### BENEFITS OF BEING AN ACPHARM PHARMACY PARTNER
